WHY CHOOSE US?

“Whatever School
Need
We Provide”

CONNECT ECOSYSTEM

The Central Dashboard offers real-time access to vital information, including student performance, attendance, and fee status. This enhances communication and collaboration among principals, teachers, management, and parents, supporting student success.

MARKETPLACE FOR SCHOOL

Marketplace for wide range of services including technology integration, administrative solutions, educational consultation, and professional development, providing holistic support tailored to enhance every aspect of educational operations

ZERO LEAKAGE OF FEES

Through meticulous reconciliation of school fees, we guarantee zero leakage. Our detailed analysis identifies the gap between fees due and fees collected, enabling us to swiftly address any discrepancies

ACT AS ASSISTANT

We act as assistant for school management to provide all kind of services which allows school management to focus on the school operations

EXPERTISE IN EDUCATIONAL SOLUTIONS

With a dedicated focus on the education sector, we brings deep expertise and understanding of the unique needs and challenges faced by educational institutions.

COMMITMENT TO EXCELLENCE

Our commitment to excellence is reflected in our mission to empower educational institutions with transformative solutions that enable them to achieve their goals effectively and sustainably.

INNOVATIVE APPROACH

We leverage innovative technologies and strategic insights to deliver solutions that drive efficiency, improve learning outcomes, and foster continuous improvement within educational settings

WHAT WE ARE SOLVING

Whatever You Need, We Provide

Issue	Solution from EdProwise
Leakage of fees	Through fees reconciliation, we guarantee zero leakage. Our detailed analysis identifies the gap between fees due & fees collected, enabling us to swiftly address any discrepancies
Fees & Payroll software not linked to accounting software	EdProwise ERP software seamlessly integrates with the finance module, automating the posting of entries for fees received, fees concessions, Salary & expenses in finance module, eliminating manual data entry errors and saving administrative time.
Manual processing of salary payment	Automatic salary payment at the end of the month which simplifies & streamlines the payroll process. This feature enhances efficiency, reduces errors, and ensures timely payments.
Manual entry upon receipt of online fees	Upon receipt of fees, our module automatically records the transactions in the fees software, eliminating the need for manual entry
Gratuity & LE Report	Gratuity and Leave Encashment (LE) Report are essential components of payroll. Track & report on employee entitlements for gratuity and leave encashment, ensuring compliance with legal requirements and accurate financial planning
Non availability of customized MIS report	Customized MIS reporting, budgeting & forecasting. Presents data in visual formats such as graphs, charts, KPI, & tables, making it easier for management to interpret and analyze financial information effectively
Non availability of invoice processing tool for educational institution	Invoice Processing Software is seamlessly integrated into the Finance Module, automating the posting of entries. Enables online payments to vendors directly through our platform & online availability of invoice.

WHAT WE ARE SOLVING

Whatever You Need, We Provide

Issue	Solution
Audit Requirement	<p>Our system is designed to fulfill all auditor requirements efficiently and effectively like fees reconciliation, salary reconciliation, PF & ESI reconciliation, fixed Assets register along with copy of Invoice, & remote audit.</p>
Incase of educational institutions there is no dedicated corporate department. Principals handle all the negotiation and vendor dealings, potentially impacting daily school operations. Due to lack of professional expertise in vendor interactions may result in overcharging, low-quality products, and delayed deliveries.	<ul style="list-style-type: none">• Principals and administrative staff can now streamline their procurement processes by engaging exclusively with EdProwise. This simplifies the process and ensures clear communication channels.• We help principals streamline procurement by eliminating the need for multiple negotiations with different vendors. This saves their time, allowing them to focus on school operations more effectively.• We secure competitive prices for goods and services, ensuring cost savings while maintaining quality• Rigorous checks guarantee high standards, and prompt delivery meets operational timelines reliably.
End to End Services for Educational Institutions (Dealing with multiple vendors)	<p>We offer a comprehensive range of services, including technology integration, administrative solutions, educational consultation, and professional development. Our tailored support enhances all aspects of educational operations, allowing school management to streamline processes and avoid the hassle of dealing with multiple vendors.</p>

Recruitment

CAREERS

FEATURES

End to End Hiring Solutions

Provide comprehensive support throughout the recruitment process, from sourcing candidates to onboarding them. These solutions streamline talent acquisition by handling job postings, candidate screenings, interview scheduling, and offer management.

Search & Hire Teacher

EdProwise streamlines teacher recruitment with its portal, offering job postings, automated screening, and interview scheduling. Schools access top talent efficiently, ensuring quick hiring and seamless onboarding, saving time and resources.

Post Vacant Position

Enables schools to post vacant teaching positions effortlessly on its recruitment portal. With wide reach and targeted visibility, schools attract qualified candidates, ensuring a faster and more efficient hiring process.

Manage & Track Job

EdProwise helps schools manage and track job applications efficiently through its recruitment portal. Schools can monitor application statuses, schedule interviews, and streamline communication, ensuring an organized and transparent hiring process.

Assessment of candidate

EdProwise facilitates candidate assessment by providing tools for skill tests, demo lesson evaluations, and structured interview processes. Schools can effectively gauge candidates' teaching abilities and fit for the role.

No Yearly Subscription, Pay as per usage

EdProwise provides a "Pay as per Usage" model, allowing schools to pay only for the services they use, with no annual subscription. This flexible pricing ensures cost-efficiency and scalability based on recruitment needs.
